

## Overview

Chitwan is a very popular and wonderful tourist destination for wildlife safari tour. This is an oldest national park of Nepal. It is situated in the subtropical inner Terai lowland of south central Nepal. The park was listed in world heritage site in 1984 by UNESCO. Nearly 70 percent of the parks is Sal forest and 20 percent grassland, 7 percent riverine forest and 3 percent Chirpine with Sal forest. There are more than 43 types of mammals inside the park. It is especially known for the endangered one- horn rhinoceros, the Gharial and Magar crocodile, and the tiger along with many other similar species such as elephant, gaur, Samara deer, pangolin, Genetic dolphin, striped hyena, four- horned antelope and around 450 types of birds found in the park like- black and white stork, rant hornbill, Bengal Florian, lesser Florian, etc. There are you can see common birds in the park such as woodpeckers, peafowl, red jungle fowl and other many different birds.

This wonderful Chitwan wildlife safari tour offer you to some of the most popular tourist activities like- Jungle safari, Elephant safari, Elephant breeding center tour, crocodile breeding center tour, Jeep safari, Rafting, fishing, Tharu village, and culture tour, bird watching and much more. Elephant back ride safari is the most liked and popular daily activities of a park and it provides great opportunity to explore closer views of wild animal and other endangered animals. During the course of this tour, we will have an expert wildlife tour guide and luxury private tourist vehicle. We will transfer to cities and hotels by private tourist coach and airplane.
