

Overview

Sirubari Village Tour is really amazing and popular tour in Nepal. It is situated in Syangja district at 1700m from sea level and the southwest of Pokhara city. The weather in Sirubari almost perfect at any times of the years with good efforts. From the southern hills of the ridge the village discovering long sunny day and is delightful for agriculture. This is a beautiful land of farming and Gurung community. There are, we can see the delightful Gurung culture and heritage of Nepalese entire life. The perfect time to village tour is March to May and September December. You can pick the facts of itinerary as per your need and holidays. The houses are so beautiful, all this houses are typically building by the local materials and well build as well as comfortable for spend the nights.

The amazing impress of the village is one of the unusual and classiness but with heartfelt feeling. The foot steep trails although the village is stone surfaced. The tour is a short scenery drive and hike from Pokhara city, the main tourist center for the Annapurna area. Therefore, it is well made with steep trails, the most people succeed to reach the beautiful village after a three to four hour pleasant hike, and the trip is really short as well as easy too. The sole wish of Sirubari village is a development in tourism in Nepal. Movement takes the tourist private, experience stopping for the remarks from without have continuously fascinated visitor to Nepal. Different but rich culture and traditions of this community mixed with their prosperous hospitality makes Sirubari village tour a remarkable village experience.
